

## **HPV ( Human Papillomavirus): GET THE FACTS**

### External Genital Warts

---

Do you want the facts about genital warts? If you want to know the symptoms, appearance, where they appear, how often they appear, and how to get genital warts- then the following web site is recommended. The American Social Health association has the facts and answers you need to know. The site is : <http://www.ashastd.org/hpvccrc/gw.html>

Requiring more information about HPV or other sexually transmitted infections, please call the Student Health Centre at 364-2163.
