

If you are accompanying this year under the Music Department's Collaborative Piano Policy, please note the following:

Each student collaborative pianist is required to fill out this form which must include the name, applied music course and instrument of the student you are accompanying (one form for each student accompanied), as well as a **complete** list of the pieces you are playing for that student. You must have this form signed by that student's studio teacher and your own studio teacher (if you are a keyboard student) to signify their approval. The completed form must then be returned to the Department Secretary.

The Music Department's Collaborative Piano Policy is available on the Department's Web site.
