

**Mount Allison**  
UNIVERSITY  
*Founded 1839*

**VISITING SPEAKERS 2006-7**

---

JUNE 5

**Paul Hayes**

University of Lethbridge

Host: Briand

*'Synthesis and Reactivity of Osmium Silylene  
and Silylyne Complexes*

JULY 13

**Jim Green**

University of Windsor

Host: Grant

*'From gamma-Carbonyl Cations to Cobalt Cycloheptyne Complexes:  
Nicholas Reactions in Seven Memebered Ring Synthesis'*

JULY 24

**Robert Gossage**

Acadia University

Host: Westcott

*'Oxazoline Ligands for Metal Coordination, Medicinal  
Chemistry and Applications in Catalysis'*

AUGUST 2

**François Béland**

Silicycle, Inc.

Host: Duffy

*'Functionalized Silica Gel Use For Organic Chemistry'*

---

OCTOBER 5

**Adrian Schwan**

University of Guelph

Host: Grant

*'Sulfenic Acid Anions: The Late Bloomer of Organosulfur  
Functional Groups'*

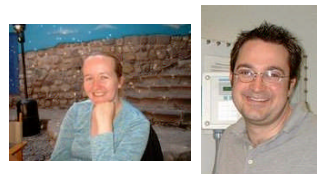

---

OCTOBER 17

**Fran Kerton & Chris Kozak**

Memorial University of Newfoundland

Host: Briand

*'Green Chemistry: Solvent Replacement, Catalysis and  
Renewable Feedstocks'*

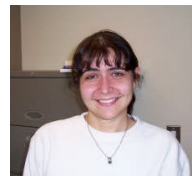

---

OCTOBER 19

**Anne Petitjean**

Queen's University

Host: Ghandi

*'Supramolecular Chemistry: at the Crossroads of Physical Sciences  
and Life Sciences'*

---

NOVEMBER 24

**Jean Burnell**

Dalhousie University

Host: Grant

*'Routes to Novel Organic Ring Systems'*

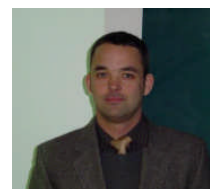

---

JANUARY 25

**Jan Weigand**

Dalhousie University

Host: Briand

*'Nitrogen-Based HEDMs and catena-Phosphorus Cations'*

---

---

FEBRUARY 5

**Alison Thompson**  
Dalhousie University  
Host: Barclay

*'Recent Advances in Dipyrromethene and Pyrrole Chemistry'*

---

FEBRUARY 8

**Tomas Hudlicky**  
Brock University  
Host: Grant

*'Biocatalytic synthesis of morphine and amaryllidaceae alkaloids: Progress report'*

---

FEBRUARY 15

**Rob Schurko**  
University of Windsor  
Host: Briand

*'NMR Across the Periodic Table: Applications to Solid Inorganic & Organometallic Materials'*

---

MARCH 2

**Nathan Jones**  
University of Western Ontario  
Host: Duffy

*'Graduate Studies at the University of Western Ontario'*

---

MARCH 6

**Marc Léger**  
Université de Moncton  
Host: Duffy

*'Chemometrics and Spectroscopy for Public Safety: Rapid Detection of Illicit Materials in Liquid and Solid Mixtures'*

---
