## A. GUIDELINES

- (a) Committees should give advice on academic matters, review recommendations for Senate action, and make decisions where appropriate.
- (b) If the above can be more effectively achieved without the need for a committee, serious consideration should be given to disbanding the committee.
- (c) The terms of reference should clearly outline the purpose and mandate of the committee, and how this can be achieved.
- (d) The membership should reflect the function of the committee. This refers to the number of members, the balance between ex-officio and elected members, the number and distribution of faculty members and librarians, and the participation of students.
- (e) In general, the balance of members on committees should reflect the composition of the Senate (and Faculty Council where appropriate). That is, normally, there should be more elected members than ex-officio members. Also, students should be on all committees unless there is a compelling argument to exclude them.
- (f) Workload should not become excessive. This particularly applies to the participation of the Vice-President (Academic and Research) and the Academic Deans.
- (g) Committees should be as small as possible, commensurate with their function.
- (h) Wherever feasible, similar rules of procedure should apply to all committees.

B. GENERAL REGULATIONS

- (a) The normal term for an elected faculty or librarian member is three years, starting on July 1<sup>st</sup>.
- (b) The normal term for an elected student member is one year, May to April or until replaced. The month of May is an overlap month when new members will take over from old as they are elected. Some committees meet during the summer months when some student committee members may not be available. For the months May through August the President of the Students Administrative Council and/or a SAC-appointed designate as appropriate may serve in place of student committee members who are not available.
- (c) A member going on leave will be replaced, and the replacement will be given a three year term.
- (d) Ex-officio members may delegate a replacement for any meeting of the committee.
- (e) Student members should be proposed by the S.A.C. and ratified by the Senate (or Faculty Council where appropriate).
- (f) If at all possible, the Chair of the Committee on Committees will ensure that Senate or Faculty Council (as appropriate) receive nominations for all vacancies on Senate and Faculty Council committees by May for the subsequent year.
- (g) The Chair of all committees should be determined before the start of the new academic year. Where the Chair is an ex-officio member, the Vice-President (Academic and Research) will name the chair. In other cases the chair will be determined either by the Committee on Committees, or by the committee in question, as dictated by the terms of reference. The Chair will be appointed or elected for a one year, renewable, term.
- (h) All members of all Senate or Faculty Council Committees shall be voting members.
- (i) The voting privileges of the Chair will be the same as for all other voting members of the committee.
- (j) A quorum will be established for all committees. Normally this will be more than half the elected members, plus more than half the ex-officio members.

- (k) Each committee will submit a written report to Senate at least once a year, at a time determined by the Chair of the committee and the Secretary of Senate (or Secretary of Faculty Council). This report will be circulated with the agenda, and the Chair of the committee will be present at the Senate meeting (or Faculty Council meeting) to discuss this report.
- (l) All committees will keep formal minutes. These minutes, together with other relevant documents, are to be transmitted to the Secretary of Senate at the end of each academic year.
- (m) If the revised composition of committees is approved, the reduction in elected members will be achieved through attrition.
- (n) Normally, newly appointed faculty members and librarians would not be expected to serve on University committees in their first year. During the next three years committee service should be limited to one or two University committees.
- (o) All full and part time faculty and librarians on continuing appointments are eligible to be elected to serve on Senate Committees.

  - 2) to delegate to the Senate the power to award certain such titles as provided in this Policy.
- (ii) Titles  
The titles that will be awarded pursuant to this Policy are 'Professor Emeritus/Emerita', 'Librarian Emeritus/Emerita', 'Associate Professor Emeritus/Emerita' and 'Associate Librarian Emeritus/Emerita'.
- (iii) Eligibility  
Faculty members and librarians who retired at the rank of 'Professor/Librarian' will be

eligible for the title 'Professor Emeritus/Emerita' or 'Librarian Emeritus/Emerita', as the case may be.

Faculty members and librarians who retired at the rank of "Associate Professor/Associate Librarian" will be eligible for the title of 'Associate Professor Emeritus/Emerita' or 'Associate Librarian Emeritus/Emerita', as the case may be.

(iv) Criteria

These titles will be awarded in accordance with this Policy to eligible faculty members and librarians who on retirement had at least 10 years of continuous service at Mount Allison as a faculty member or librarian. Emeritus status is not awarded posthumously and only one form of emeritus status will be granted by Mount Allison University to any one individual.

These titles may be awarded in accordance with this Policy to faculty members and librarians who do not satisfy the length of service criteria in the previous paragraph but whose service was exceptional.

'Retirement' is defined as meaning leaving the university's employ through 'early retirement' at age 55 or beyond or 'normal retirement', as per the definition contained in the University's pension plan. This definition does not preclude consideration under the previous paragraph of those faculty members or librarians who do not satisfy the criteria under this section but whose service has been exceptional.

Once the Committee approves the list of those who satisfy the criteria in the first paragraph of section 4 above, the Secretary of Senate shall write to those on the list to advise them of the honour they will receive, and shall advise the Senate, the President, and the Executive Committee of the names of those who will be so honoured.

If the Committee recommends that emeriti appointments be made to persons who do not satisfy the criteria in the first paragraph of section 4, those recommendations shall be made to Senate before its March meeting. The Senate shall vote on each recommendation by secret ballot. The decision of Senate shall be final. The Secretary of the Senate shall write to each of those the Senate has decided to honour in this way, and shall advise the

President and the Executive Committee of the Board of Regents of the names of those who will be so honoured.

The names of those to receive this honour will be announced at the regular Spring Convocation and their honorific titles will be effective when they are so announced.

- b) listed in the University Calendar,
- c) granted full faculty library borrowing privileges,
- d) entitled to use the University as a mailing address for scholarly purposes,
