

The Department of Mathematics and Computer Science at Mount Allison University invites applications for a tenure-track appointment in Applied Computer Science. Candidates should have a Ph.D. in Computer Science and have a strong commitment to undergraduate teaching and to research. The successful candidate will be expected to teach undergraduate courses in computer science and develop a vigorous, externally funded research program. The appointment will be made at the rank of **Lecturer or Assistant Professor** and will commence on July 1, 2018, subject to budgetary approval.

Candidates are encouraged to indicate faculty at Mount Allison, within Mathematics and Computer Science or within other departments, with whom they might develop research collaborations.

Mount Allison University, located in Sackville, New Brunswick, Canada is a small primarily undergraduate university offering small classes and a residential experience to a diverse student population. It is consistently ranked as one of the best undergraduate universities in Canada and promotes research and teaching excellence.

Your application will include a cover letter, curriculum vitae, a brief research plan, statement of teaching interests, and letters from three referees with at least one addressing your teaching skills. Cover letters should be addressed to:

Geoffrey Cruttwell
Chair of the Search Committee
Dept. of Mathematics and Computer Science
Mount Allison University

Applications must be submitted online at www.mathjobs.org/jobs/jobs/11693
The search committee will begin reviewing applications on March 6th, 2018, and will continue until the position is filled.

Mount Allison acknowledges, honours and respects the Mi'kmaw and Wolastoquyik (Maliseet) peoples, the historic inhabitants, custodians, and dwellers on the land where our university is built, and confirms its commitment to strengthen relationships with them.

Mount Allison is committed to diversity and inclusiveness. We encourage applications from members of racialized communities, Indigenous persons, persons with disabilities, and persons of all sexual and gender identities. We seek candidates with qualifications and knowledge to contribute specifically to the further diversification of our campus community.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents are given priority. Canadians and permanent residents should indicate their citizenship status in their application.
