- a) plagiarism or the misrepresentation of another's work, whether ideas, or words, or creative works, published or unpublished, as one's own;

10.6.2 Allegations of Academic Dishonesty

- a) All allegations of academic dishonesty will be reported to the Chair of the Academic Judicial Committee.
- b) Academic dishonesty may be alleged by a course instructor, with respect to a course or courses taught by him/her. If the student admits the allegation, a sanction or sanctions will be imposed by the instructor, who will inform the Department Head, the Dean and the Chair of the Academic Judicial committee of both the charge and the sanction(s). If the student disputes the allegation, s/he OR the instructor may request that the Academic Judicial Committee hear the case. If the student admits the charge, but disputes the severity of the academic penalty, s/he may appeal to the Department Head and /or Academic Dean.
- c) Academic dishonesty may be alleged by a member (or members) of the university community other than a course instructor (e.g. invigilator(s) in examinations, other students, Computing Services staff, etc.). If the allegation involves a course, it will be referred to the course instructor, who will follow procedures as in 10.6.2 (a) and (b). If the allegation does not involve a specific course or courses, it will be referred to the appropriate Academic Dean(s), who will report it to the Chair of the Academic Judicial Committee and act as plaintiff(s). The Academic Judicial Committee will hear cases reported by the Academic Dean(s) and will determine sanctions if the charge is upheld.
- d) All decisions of the Academic Judicial Committee may be appealed to the Academic Appeals Committee.
- e) If the record shows that the student has previously been subject to academic discipline, the case will be referred by the Chair to the Academic Judicial Committee, which may impose additional sanctions.

10.6.3 Academic Sanctions

- a) Academic sanctions which may be imposed by instructors, Department Heads and Deans for course-related offenses may

include, but are not limited to, the following: failure on the work about which the allegation has been made; failure on the course.

10.7 MISSED COURSEWORK OR TESTS

10.7.1 Missed Coursework or Tests

- a) Mount Allison University encourages students to take responsibility for any health or personal problems that affect their academic performance. If students miss any kind of course work or test or are unable to meet deadlines for assigned work due to medical or personal circumstances beyond their control, they are urged to notify their instructor(s) as soon as they are aware that the illness or problem will affect their attendance and/or academic performance. Together, student and instructor should work to find appropriate and reasonable accommodation(s).
- b) The Student Life Office may, in some circumstances, issue a notice on behalf of a student (for example, in the case of a sudden departure from campus due to family or medical circumstances) indicating that in the opinion of that office the student's ability to focus on academic work has been compromised. In such cases, appropriate supporting documentation is held by the Student Life Office.
- c) Notes offering suggested accommodation(s) for particular circumstances may occasionally be prepared by professional staff in the Student Life Office but the primary responsibility for such accommodation(s) is between student and instructor.
- d) It is understood that students must take personal responsibility for their academic performance, including the management of circumstances that may be beyond their control. Any concerns or allegations of misrepresentation of personal circumstances will be deemed to constitute an allegation of academic dishonesty and may be referred to the Academic Judicial Committee.

10.8 EXAMINATION REGULATIONS

10.8.1 Scheduled Tests and Final Examinations (Fall and Winter terms)

- a) No in-class or take-home tests worth more than 10% of the final grade, and no final tests or examinations, with the exception of laboratory examinations, may be scheduled during the last five days of classes of either term, or between the last day of classes for the term and the first day of the examination schedule.

- d) A deferred examination in a Winter term course must normally be written by the end of May, to be arranged by the Registrar (or direct delegate) in consultation with the instructor and student. If the examination cannot be written by that time, the student's academic standing will not be assessed until final grades have been submitted.
- e) Students who do not clear their deferred status by the start of classes in the Fall term will receive a non pro-rated final grade and academic standing will be assessed based on these results.

10.8.5 Extended Deadlines for Completion of Course Work

- a) If illness or compassionate reasons prevent a student from submitting all course work by the prescribed deadlines, the Registrar (or direct delegate) and the instructor may agree to extend the deadline(s) for completion of the work for up to four weeks beyond the original deadline(s).
- b) If a granted extension prevents an instructor from submitting a final grade, a notation of 'INC' will be recorded on the transcript with a credit value of '0.0'.
- c) If no grade is submitted by the specified extended deadline, the notation of 'INC' will be converted to an 'F'. Exceptions must be approved by an Academic Dean.

10.9.1 Grading Policies for Courses

- a) In the first week of classes at the beginning of each academic term instructors shall provide each student in their courses with written information indicating the policy concerning assignments, tests, final examination, practical and laboratory work, class participation and attendance. 10.9.5 Grades Excluded from GPA

- a) Results from Special Examinations are reported on a Pass/Fail basis and are excluded from Grade Point Average calculations.
- b) Transfer credits are excluded from the Grade Point Average.

10.9.6 Calculation of TGPA, SGPA and CGPA

- b) A Session Grade Point Average (SGPA) is calculated at the end of the Winter term in each academic session (Spring/Summer, Fall, Winter) by dividing the total number of grade points obtained during the session (credit hours x grade points) by the number of credit hours attempted.

Students may apply in writing for re-evaluation of a grade within 30 days of the release of final grades at the end of each term under one of the following scenarios:

- a) **Request for Re-calculation of a Grade.** Students may request a re-calculation of the final grade without any review of written material. The calculation of the final grade will be reviewed by the instructor who will report a change in grade to the Registrar.
- b) **Application for Re-Read.** Students may apply in writing for a re-read of the final examination and/or any written material not

returned to the class before the last day of the final examination period of the term in which the course is concluded. An Application for a Re-Read must be submitted to the Registrar's Office, specifying the material that is to be re-evaluated. The material in question will be re-read by the faculty member concerned as well as by another faculty member designated by the Department Head. If there is serious disagreement between the two readers, the Department Head, or Academic Dean where appropriate, will then review the material under re-evaluation. If the final mark is based on performance not evaluated by written material, the re-read by both participants will be confined to a review of the mark sheets compiled by the original instructor. Students should remind themselves of the value of these items in relation to the overall course mark before determining whether it is worthwhile to apply for a re-read. The results of the re-read will normally be conveyed to the student within 30 days of receipt of the application. Students should remember that a grade can be revised upwards or downwards. A fee must be submitted with the application. If the grade is revised upwards, the fee will be refunded. Application forms are available on the Registrar's Office web page.

- a) Student records are reviewed at the end of each academic term for academic progress.
- b) Academic Performance is recorded in Connect as Satisfactory (TGPA of at least 1.5) or Unsatisfactory (TGPA of less than 1.5).

10.14 NOTIFICATION OF DISCLOSURE OF PERSONAL INFORMATION

10.14.1 Statistics Canada

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education. It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at postsecondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes'. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada, student identification information (student's name, student ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, enrolment information, previous education, and labour force activity. The Federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student.

Students who do not wish to have their information used can ask Statistics Canada to remove their identifying information from the national database. On request by a student, Statistics Canada will delete an individual's contact information (name, address, or other personal identifiers) from the PSIS database. To make such a request or for further information please contact Statistics Canada at: <PSIS-SIEP_contact@statcan.gc.ca> by phone at: 1-800-307-3382 or 1-613-7608 (Monday to Friday 8:30 a.m. to 4:30 p.m. EST/EDST) or by mail: Institutional Surveys Section, Centre for Education Statistics, Statistics Canada, Main Building, SC 2100-K, Tunney's Pasture, Ottawa, Ontario, K1A 0T6

Further details on the use of this information can be obtained from the Statistics Canada Web site

<www.statcan.ca/english/concepts/PSIS/index.htm>

10.14.2 Maritime Provinces Higher Education Commission (MPHEC)

The MPHEC collects the data described above on behalf of Statistics Canada. In addition, it archives these data and uses them to generate basic statistics, research products, as well as the sampling frame for its graduate survey. These activities support its mandate, which is to assist institutions and governments in enhancing the post-secondary learning. The legal authority for these activities is provided by the Maritime Provinces Higher Education Commission Act. The Act also requires that all data received by the Commission is kept confidential, and ensures the protection of personal information. More information about the MPHEC may be found at <www.mphec.ca>

Regarding those students who do not wish to have their information used, Statistics Canada will notify the MPHEC of any student choosing to have their personal information removed from the national database, and their information will subsequently be removed from the MPHEC's database.
