

**ACADEMIC CALENDAR
2019-2020 edition**

Part II: Academic Regulations

10 ACADEMIC REGULATIONS

The following regulations apply to students in all undergraduate degree or certificate programs. Students are responsible for knowing and adhering to these regulations as well as to the regulations pertaining to their particular programs.

10.1 COMMUNICATION

- Email is an official means of communication for academic and administrative purposes at Mount Allison.
- An email address assigned to a student by the university is the only email address used by Mount Allison for communication with students for academic and administrative purposes.
- Students are responsible for frequently checking their Mount Allison email address to remain current with administrative and academic notifications.

10.2 COURSES OF INSTRUCTION

- Courses offered by the University are listed and described, by program, in Section 12 of this Calendar.
- Courses may be taught using a number of different formats.
- The regulations outlined in Section 10 of this Calendar normally apply to all courses offered by the university.
- In the case of intensive, experiential, or field courses, however, variations in the registration and withdrawal deadlines, the scheduling of classes, and the deadlines for completion of course work may be necessary. In these cases all variations will be stated clearly on the course outline and will be approved by an Academic Dean before the course is approved and available for registration.

10.3 REGISTRATION

10.3.1 Registration Procedures (Adding Courses)

- Students are responsible for their registration.
- Normally courses are added, changed, or dropped by the student through CONNECT.
- Within 24 hours of making a change students should confirm their registration on MY CLASS SCHEDULE. If it does not reflect the addition, change, or deletion, or if students have problems viewing their schedule through CONNECT, they should contact the Registrar's Office.
- Some academic departments require pre-registration of returning students for courses in their departments. For further information, please consult department heads.

10.3.2 Registration Deadline

- All full and part-time students must register each year according to procedures and time frames supplied by the Registrar's Office. Failure to do so results in a financial penalty and possible denial of registration in certain courses.

- In September and in January students must be registered and in attendance by the second Friday of each term. Exceptions must be approved by the Registrar (or direct delegate) on presentation of a medical certificate or on compassionate grounds.
- In May students must be registered and in attendance (for in-class courses) by the first Friday of the term. Exceptions must be approved by the Registrar (or direct delegate) on presentation of a medical certificate or on compassionate grounds.
- For specific intensive study courses the Registrar's Office will designate the deadline for registration.
- Attending a course while not on the class list does not constitute registration and is not a basis for approval of a request for late registration.
- Within one week after the date for changes in registration at the beginning of each term, instructors will verify the list of students registered in the course.
- Students must be properly registered in a course to receive a grade on any assignment or test.
- Decisions concerning late registration in b) or c) above may be appealed to an Academic Dean within 3 calendar days of the decision.

10.3.3 Registration Deadline (Self-directed Distance Learning Courses)

- Self-directed distance learning courses allow students to acquire credits toward a degree in a flexible, self-paced manner and are offered during the Fall, Winter, and Spring/Summer terms.
- Any student registering for a self-directed distance learning course must follow the registration deadline specified in Regulation 10.3.2.
- Any self-directed distance learning course must be completed by the end of the academic term in which it was started.

10.3.4 Determining Year Level

- A student's year level is determined two times a year: 1) after Winter term grades have been recorded (normally by the end of May); and 2) after Spring/Summer term grades have been recorded (normally by mid-September).
- Students who have earned less than 24 credits have first-year standing.

first-year students may be permitted to overload in the Winter term if they achieve a TGPA of at least 3.5 in the Fall term.

- d) Students with second- or third-year standing who are in Good Standing may register for up to 18 credits per term, provided they have attained a TGPA of at least 2.0 in the previous Fall or Winter term. A decision will be made in consultation with the Director of Accessibility and Student Wellness

10.7 MISSED COURSEWORK OR TESTS

10.7.1 Missed Coursework or Tests

- a) Mount Allison University encourages students to take responsibility for any health or personal problems that affect their academic performance. If students miss any kind of course work or test or are unable to meet deadlines for assigned work due to medical or personal circumstances beyond their control, they are urged to notify their instructor(s) as soon as they are aware that the illness or problem will affect their attendance and/or academic performance. Together, student and instructor should work to find appropriate and reasonable accommodation(s).
- b) The Student Life Office may, in some circumstances, issue a notice on behalf of a student (for example, in the case of a sudden departure from campus due to family or medical circumstances) indicating that in the opinion of that office the student's ability to focus on academic work has been compromised. In such cases, appropriate supporting documentation is held by the Student Life Office.
- c) Notes offering suggested accommodation(s) for particular circumstances may occasionally be prepared by professional staff in the Student Life Office but the primary responsibility for such accommodation(s) is between student and instructor.

If the examination cannot be written by that time, the student's academic standing will not be assessed until final grades have been submitted.
- e) Students who do not clear their deferred status by the start of classes in the Fall term will receive a non pro-rated final grade and academic standing will be assessed based on these results.

10.8.5 Extended Deadlines for Completion of Course Work

- a) If illness or compassionate reasons prevent a student from submitting all course work by the prescribed deadlines, the Registrar (or direct delegate) and the instructor may agree to extend the deadline(s) for completion of the work for up to four weeks beyond the original deadline(s).
- b) If a granted extension prevents an instructor from submitting a final grade, a notation of 'INC' will be recorded on the transcript with a credit value of '0.0'.
- c) If no grade is submitted by the specified extended deadline, the notation of 'INC' will be converted to an 'F'. Exceptions must be approved by an Academic Dean.

- d) Applications for special examination must be approved by the Registrar, following consultation with the student, the instructor, and the Academic Dean.
- e) The result of a special examination will be recorded with a grade of 'Pass' or 'Fail' unless the Registrar, in consultation with the instructor, determines that a letter grade would be more appropriate.

10.9.1 Grading Policies for Courses

- a) In the first week of classes at the beginning of each academic term instructors shall provide each student in their courses with written information indicating the policy concerning assignments, tests, final examination, practical and laboratory work, class participation and attendance. For Spring/Summer term courses work worth at least 20% of the final grade will normally be evaluated and returned to students before the course is no more than 60% completed. Exemptions from the policy must be authorized by the appropriate Academic Dean.

10.9.2 Reporting of Grades

- a) Course work must be completed prior to the deadline for submission of the final grades.
- b) Faculty members may not provide final grades or final exam grades to students in any form prior to the release of grades by the Registrar's Office. The Registrar's Office reports results to students following each examination period if all accounts with the University have been paid.

Otherwise, written permission of the appropriate Department Head or Program Co-ordinator must be obtained.

10.9.5 Grades Excluded from GPA

- a) Results from Special Examinations are reported on a Pass/Fail basis and are excluded from Grade Point Average calculations.
- b) Transfer credits are excluded from the Grade Point Average.

10.9.6 Calculation of TGPA, SGPA and CGPA

- a) A Term Grade Point Average (TGPA) is calculated at the end of each term by dividing the total number of grade points obtained during the term (credit hours x grade points) by the number of credit hours attempted per term.
- b) A Session Grade Point Average (SGPA) is calculated at the end of the Winter term in each academic session (Spring/Summer, Fall, Winter) by dividing the total number of grade points obtained during the session (credit hours x grade points) by the number of credit hours attempted.

Students may apply in writing for re-evaluation of a grade within 30 days of the release of final grades at the end of each term under one of the following scenarios:

- a) **Request for Re-calculation of a Grade.** Students may request a re-calculation of the final grade without any review of written material. The calculation of the final grade will be reviewed by the instructor who will report a change in grade to the Registrar.
- b) **Application for Re-Read.** Students may apply in writing for a re-read of the final examination and/or any written material not

returned to the class before the last day of the final examination period of the term in which the course is concluded. An Application for a Re-Read must be submitted to the Registrar's Office, specifying the material that is to be re-evaluated. The material in question will be re-read by the faculty member concerned as well as by another faculty member designated by the Department Head. If there is serious disagreement between the two readers, the Department Head, or Academic Dean where appropriate, will then review the material under re-evaluation. If the final mark is based on performance not evaluated by written material, the re-read by both participants will be confined to a review of the mark sheets compiled by the original instructor. Students should remind themselves of the value of these items in relation to the overall course mark before determining whether it is worthwhile to apply for a re-read. The results of the re-read will normally be conveyed to the student within 30 days of receipt of the application. Students should remember that a grade can be revised upwards or downwards. A fee must be submitted with the application. If the grade is revised upwards, the fee will be refunded. Application forms are available on the Registrar's Office web page.

10.9.10 Aegrotat Standing

10.14 NOTIFICATION OF DISCLOSURE OF PERSONAL INFORMATION

10.14.1 Statistics Canada

Statistics Canada is the national statistical agency. As such, Statistics Canada carries out hundreds of surveys each year on a wide range of matters, including education. It is essential to be able to follow students across time and institutions to understand, for example, the factors affecting enrolment demand at postsecondary institutions. The increased emphasis on accountability for public investment means that it is also important to understand 'outcomes'. In order to conduct such studies, Statistics Canada asks all colleges and universities to provide data on students and graduates. Institutions collect and provide to Statistics Canada, student identification information (student's name, student ID number, Social Insurance Number), student contact information (address and telephone number), student demographic characteristics, enrolment information, previous education, and labour force activity. The Federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used for statistical purposes only, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student.

Students who do not wish to have their information used can ask Statistics Canada to remove their identifying information from the national database. On request by a student, Statistics Canada will delete

an individual's contact information (name, address, or other personal identifiers) from the PSIS database. To make such a request or for further information please contact Statistics Canada by email at: <PSIS-SIEP_contact@statcan.gc.ca> or by mail: Institutional Surveys Section, Centre for Education Statistics, Statistics Canada, 150 Tunney's Pasture Driveway, Main Building, 2100-K, Ottawa, Ontario, K1A 0T6

10.14.2 Maritime Provinces Higher Education Commission (MPHEC)

The MPHEC collects the data described above on behalf of Statistics Canada. In addition, it archives these data and uses them to generate basic statistics, research products, as well as the sampling frame for its graduate survey. These activities support its mandate, which is to assist institutions and governments in enhancing post-secondary learning environment. The legal authority for these activities is provided by the Maritime Provinces Higher Education Commission Act. The Act also requires that all data received by the Commission is kept confidential, and ensures the protection of personal information. More information about the MPHEC and its Standard for Maintaining Confidentiality may be found at <www.mphec.ca>

Regarding those students who do not wish to have their information used, Statistics Canada will notify the MPHEC of any student choosing to have their personal information removed from the national database, and their information will subsequently be removed from the MPHEC's database.
